

Chiropodist – HART Hub

One (1) Part-time Position (21 hours/week), Bargaining Unit - UFCW Local 175

Parkdale Queen West Community Health Centre (PQWCHC) is a dynamic, community-based health care organization that has historically served mid-west downtown Toronto, and now provides outreach services to across the entire city. Offering a broad range of services, including primary health care, dental care, harm reduction, health promotion, counselling, and community development programming, we are also committed to serving people who face barriers to health care, and we strive to reduce these barriers. PQWCHC is a multi-sited organization.

We are seeking an experienced Chiropodist who shares our passion for making a difference; you see this role as an opportunity to take the next step in your successful career while contributing to a vision of ***Inclusive Communities. Responsive Healthcare. Healthier Lives.***

The HART Hub Chiropodist is part of the HART HUB services which will work closely with the mental health, substance use care (continuum of treatment, recovery, harm reduction), and health promotion teams to ensure cross-team and cross-site collaboration. The Chiropodist will work with the team to contribute to the growth and development of the HART Hub program which will include the development of processes and pathways for HART Hub clients.

Reporting to HART Hub Manager, the Chiropodist will participate in larger HART Hub partnerships led by the Centre, which may include, but not limited to CAMH, LOFT, and The Neighbourhood Group. The Chiropodist will support clients and share knowledge.

General Responsibilities:

- Conducts assessment and treatment of foot conditions, including but not limited to diabetic foot care, nail care, biomechanical assessments, custom orthotic casting and dispensing, wound care, measuring for compression stockings, and conducting procedures such as PNA, TNA and soft tissue lesion excisions
- Works closely with staff to provide foot care within a broader multi-disciplinary team; works particularly closely with the diabetes nurse and diabetes dietitian
- Builds trust and rapport with clients to promote effective service use
- Provides health education, harm reduction education, and advocacy to HART Hub clients
- May provide services at designated outreach locations in the community and in the mobile health unit
- Maintains client/patient files through PQWCHC's EMR, encounter information, correspondence, clinical protocols, and other data to meet the requirements of the funders, the clinic and regulatory bodies
- May act as supervisor/consultant to health care students and participates in the learning of students from other disciplines
- Participates in the design, implementation and evaluation of research studies in consultation with the Management team and other staff

Qualifications:

1. Graduate of a recognized educational institution for Podiatry/Chiropody; certificate of practice in good standing from the College of Chiropodists of Ontario to work to full scope, including injection and prescription privileges
2. Demonstrated ability to fit for orthotics
3. Experience in community-based practice and working with marginalized populations.
4. Ability to work as part of an interdisciplinary team
5. Excellent communication and problem-solving skills
6. Ability to work in a flexible manner to ensure client access to service
7. Good organizational and time management skills
8. Ability to speak a second language is an asset

Compensation: \$41,759.40 to \$48,805.80 per annum, plus Group Benefits and HOOPP (Healthcare of Ontario Pension Plan)

If you are interested in joining in a creative and dedicated team, we want to hear from you! Applicants, please send your resume and cover letter **in a single document** (MS Word or PDF format only). Please apply using the form at the bottom of the PQWCHC employment page: <https://pqwchc.org/contact/employment/>

[Job ID: 2026-109](#)

Please also note that the successful candidate will be required to provide a police vulnerable sector check as a condition of employment, however strong consideration is made to the type of offense. Employment is conditional upon having had a full series of COVID-19 vaccinations (2 doses, plus booster within 6-12 months) 14 days before starting employment.
